Min Wang, Reviewer

SOURCE ID: 21-047-00067

AGENCY INTEREST: 757

ACTIVITY: APE20060001

SOURCE DESCRIPTION:

T. RAD North America, Inc. produces industrial radiators at the Hopkinsville, Kentucky facility. The plant consists of several soldering and fluxing tanks, two welding stations, and painting facilities. The paint booths are the major VOC emitters for the facility.

PUBLIC, EPA, AND AFFECTED STATE REVIEW:

On May 26, 2007, the public notice on availability of the draft permit and supporting material for comments by persons affected by the plant was published in *Kentucky New Era* in Hopkinsville, Kentucky. In addition, notification of the issuance of the draft permit was sent to the U.S. EPA on May 26, 2007 via e-mail. No states are affected by this permit action. The public comment period expired 30 days from the date of publication. No comments were received during this period. The permit is now being issued final.
